Dear Mrs Mostert,

**Donation of Syringe-drivers to Hospice Wits**

Thank-you so much for choosing Hospice Wits to be the recipient of such a significant donation. For what it's worth, I have been associated with Hospice Wits for about 18 years and in that time, we have always been short of syringe-drivers.. they are an expensive, essential tool for every Home Care sister (we have 14) and for every bed (40) in our In-Patient Units in Houghton and Diepkloof.

At a clinical meeting this morning our Home Care sisters felt that, since we have been so blessed by the donation of 150 syringe-drivers, we should pass some on to our neighbouring Hospices in Benoni, Krugersdorp and Pretoria. Even without checking with them, we know that they will all be short of syringe-drivers!

We are very grateful to the Northcliff Rotary Club for your very generous donation.

Kind regards,

Nigel Unwin  
CEO
