

Induction of Rani Pillay into the Rotary Club of Northcliff.

Rani Pillay, a resident of Northcliff has joined The Rotary Club of Northcliff. Apart from her activities at home, supporting Ruben and her 2 children Varisha (14) and Myuoor (5), she is Head of Partner Management and Partner Acquisition at Absa Rewards. Passionate about serving her community, Rani is actively involved in Absa Reward's CSI project which involves initiatives with Guild Cottage in the current year and Njbulo Home last year. She strives to adhere to the principles of Do Good, Be Good, Love All and Serve All. Further, inspired by the wise words of Mahatma Ghandi "Be the change you want to see the World" Rani hopes to work actively with her fellow Northcliff Rotarians to implement meaningful changes in the community.

During her induction to the Club on Wednesday evening, President Annemarie welcomed her by saying that "Rani has displayed outstanding and unique qualities and values which have been the back bone of Rotary apart from her own support to various charities and vulnerable people in our country."
