

Rotary gets behind Helping Hands

Members of Helping Hands Berario Organisation (HHBO) visited the Northcliff Rotary Club (NRC) to present their current projects.

HHBO is a community-based organisation that focuses on education and support services for people living with HIV/Aids. In addition, HHBO is involved in a market gardening project, gym classes and food distribution to the needy.

They are also in the process of establishing a nursery school to cater for

children between three to six years old. HHBO operates from the old Berario Scout hall.

An appeal was made to the NRC and members of the public for the donation of two computers with Internet access for administration purposes, office furniture, a fridge and nursery school equipment.

Donations to HHBO may be made via the NRC by contacting Dean Gounden on 083-286-1932, or e-mail deangounden243@gmail.com

Dean Gounden (NRC), Victor Siwela (marketing manager HHBO) Sandy Naidoo (admin manager HHBO), Luti Kumalo (programme director HHBO) and president Paul Westcott (NRC).
