This week's Foundation Thought is about Matching Grants: Henning Sorknaes has no trouble remembering his proudest Rotary moment. Taking part in a community service project to help restore a hospital in Senta, Serbia. The hospital, which serves a population of about 150,000, lacked modern technical equipment and was barely surviving on a mixture of public and private funds. The grant helped fund a US\$1.2 million project to equip and train staff to make the hospital's cardiology department fully operational.

INTERACT CORNER
The NHSIC has a good day at the Firlands fete and did well with the cake collection at school and the sale of toys at the Fete. Business was so good that everything was sold before lunch....
