**This week's Foundation Thought is about 3-H Grants.** In Nepal, infant mortality is most severe in remote Himalayan villages, areas that are also in short supply of family planning services and economic opportunities. To address these needs, Rotarians have created an extensive training program to bring much-needed prenatal and postnatal services to 10 remote regions. The program is training 52 young women as professional auxiliary nurse midwives. The project, a collaboration between the Rotary Clubs of Kathmandu Mid-Town and Darmstadt-Bergstrasse, Germany, is supported by a US\$283,725 Health, Hunger, and Humanity Grant from The Rotary Foundation.

**INTERACT CORNER:** The NHS Interact Club members are preparing for their holidays so there is no activity at the moment.

## NEWS & EVENTS

**Caribbean Wheelchairs:** The Rotary Club of Antigua are distributing wheel chairs from Antigua Rotary House (see photo). It was explained that they purchase new wheel chairs and hand them out to anybody in need of one; However the Club keep ownership of the chairs so that they can be reused if required. If anybody is in Antigua at any time I would certainly recommend a visit to this club. Your *Rushmoor*.Correspondent
