This week's Rotary Thought is about the New District 9400 Based Club Runner.

We are excited about the introduction of a district based administration system, Club Runner that is expected to go live before the POETS on 24 March 2012. The Project Review and Roll Team is working around the clock to realize this target implementation date. We are requesting all club officials responsible for administration and in particular, the club secretaries to make themselves available to register and start populating their club data on the system. Please stay alert for other notification and request to participate before launch. Please log into www.clubrunner.ca/9400 where you are able to find all public information related to the District including the website information, calendar of events, stories, Organizational Structure and Club & District directory.

NEWS & EVENTS

TEST: MATCH THE PICTURE

GSE Orientation 3: The Outgoing GSE Team to Sweden have just completed Orientation 3. Jaques and Impala Platinum were kind enough to host them in Rustenburg for the day and provided a really good lunch after all the hard work had been completed. O3 was very productive. They got photos done for our various business cards and materials. They had a great fashion show and suggestions for the uniforms. As well as sorting out their final corporate identity and logos. The big achievement in O3 was the discussion around our presentations and the new improved structure of the presentation. There're all very excited about the way the presentation is coming along, although still have lots to do. So in conclusion O3 was a success the venue was great and the meeting was very productive.
